From the Director's Desk

In honor of National Catholic Schools Week, we would like to salute Holy Rosary School. We especially commend the fine work done by the faculty and staff to educate the children of the parish. Our kitchen sent over 160 sweet rolls for everyone yesterday to honor the occasion. Thanks go out to our FSI staff for remembering the school in this special way.

We bid farewell to one of the original participants of the old Taylor County Achievement Center last week. Loren Schaefer was a good friend of mine, and was very well known and liked throughout the community. I helped Loren get a job at what was then Burger Chef in 1977. He was the first employee ever hired by Al and Mary Williams, and when they moved down to Hardees years later, Loren moved with them. He worked for them up until his untimely death from cancer at 59 two weeks ago. He was their longest tenured employee, having worked for their company for the past 35 years. In 1991, Loren was featured in a full page story in the Star News, honoring his accomplishments during National Disabilities Month. The story, along with many pictures of Loren at work, was displayed prominently at his funeral. Loren was buried with his beloved Hardees jacket. His truly was a success story, and he will be missed by an awful lot of people in Medford. Our thoughts and condolences go out to his family.

Production News, by Sue W.

It was a hectic day in the sort room this past Tuesday. Myself, Teri and Steve were all very busy! We have received a total of seven bins from Memorial Hospital in the last two weeks. They have to be cleaned up by the end of the month, so we had a lot to do! We also had Barb, Joe, Kasey, Brian L., Brian M., and Sheryl all sorting. They've done a great job as they have a lot of different things to look for. For example, labels on paper and post it notes with the sticky backs are all bad things for our machines. They all did a very good job! Ian L. and Steve K. did a super job cleaning up the sorting and getting a lot of it shredded. It was also amazing that with all the documents they shredded, it only took Ron a short amount of time to put it in the new baler. We are not seeing the large amounts of bags piled all over. Instead, we have a lot of full bins for sorting!

Phillips Plastics has also been keeping us busy this week. They have been sending parts over so that we are able to load the empty carts we have sitting here. They have asked us to send a 9895 skid everyday this week. We have also sent over two carts of 9860's this week. Thanks to Diane for helping with the lines and QCing all the parts that needed to be done. Some of the people who helped load were Clyde, Donovan, Chad, Lee B., Rick, Trent, Julie and many others. Thanks for all of your hard work!

TBK is starting to get ready for the Spring fishing season. We have orders for the month of February already. By Tuesday the 7th, TBK needs three skids of the 1025's and two skids of the 1066's and 1067's. Then we have an order for the end of the month. So get ready guys because we will be busy with TBK too! Mike P. and Julie both have been helping with the Wet Bedding. Barb, Marlene, Justin and Sheryl have been helping on the 1025's. Good Job!

Frontline sent us 400 boards to be drilled this week. Thanks to Lee M. we got the order out on time. They needed it to be shipped out by the end of today. The Noise Dust Room has been busy as well, we had two racks of Vinyl to be cut. Clyde, Molly, Bill and Kevin all worked on it. Thanks to Steve and Joanne for counting and bundling. We have an order for 20,000 pieces of Fiberboard also. That means it is time to start cutting again and box more for the next order. Weather Shield sent us a 450 piece order of 2 Wide also. Wayne, Tanya and Lisa put a good dent in it this week. Thanks to our QCer. She has done a very good job with all the QCing in that area.

I hope everyone enjoys the beautiful weather and make sure to watch the Super Bowl this Sunday! Go Giants!
